- **1hr 15mins loss** from non-work related internet surfing in USA. (Salary.com)
- **3 hours per day loss** from non-work related internet surfing. (Jordan Government)
- MyJobGroup.co.uk said workforce spent **over an hour per day** on social media while at work. (MyJobGroup.co.uk)
- Employees Wasting Time is just like having **"unemployed"** people on our payroll? America Online (AOL) and Salary.com found that the average American worker wastes **2 hours and 5 minutes a day**, which cumulatively adds up to \$759 billion a year in lost productivity. Not surprisingly, the top time waster was **Web surfing, (44.7%)**.
